 - In the event of insufficient balance, the available account balance shall be debited and the amount outstanding until full repayment of the charge for the provision of banking services shall be blocked and collected as soon as there is sufficient balance (the relevant check is carried out automatically on a daily basis). The Bank is entitled, if it cannot collect the cost for the provision of banking services for a period of one month due to insufficient balance in the "Value Plus" account, to convert the account to a standard savings account. In this case, any cost collected is not refunded and the amount blocked will be collected when there is sufficient balance on the account.

- 3) In the case of annual payment:
 - The fee for the provision of banking services is automatically collected on the 1st business day following the 5th day of January of each year. If the account is opened later within the year and the year is not a full year but a fraction of a calendar year, the annual fee is divided accordingly into the number of months/12 remaining and is collected on the 1st business day following the 5th day of the month following that in which the account was opened. If the balance on the account is not sufficient to pay the applicable fees, the account is charged with the respective amount and its balance is blocked, so that the Bank can collect the said fees when there is sufficient balance (the relevant check is carried out automatically on a daily basis). The Bank is entitled, if it cannot collect the cost for the provision of banking services for a period of one month due to insufficient balance in the "Value Plus" account, to convert the account to a standard savings account. In such case, any cost to be collected is automatically refunded and the amount blocked automatically released.
 - In the event that the account is closed during the course of the year, you cannot be refunded with any part of the fee that has already been collected and corresponds to the outstanding period. The same also applies in the event that you convert your account to another product on your own initiative.

General Information

As regards the terms and conditions governing payments, customers are duly informed by means of the "Single Deposit & related Transaction Relations Agreement", according to which, when opening a demand deposit account, customers accept, inter alia, the terms of the framework agreement for payment services, which is governed by Law 4537/2018 (Government Gazette 84/15-5-2018).

- 1) Interest is posted on 30 June and on 31 December of each year.
- 2) The balance available each day represents the funds (whether the total balance or a part thereof) whose value date, set as a result of any credit/debit entry or hold, has lapsed on the same day. The value date, in the case of withdrawals, is the date on which the amount withdrawn ceases to be part of the balance and, in the case of deposits, the date on which the funds become available and, in the case of interest-bearing accounts, interest starts accruing.
- 3) Interest rates on deposit accounts are escalating, i.e. interest accrues on the total balance existing from time to time in line with the rates indicated in the table above. Interest is calculated on the balance available each day and the respective rate applies to the total deposit balance.
- 4) Interest is calculated on an actual/360 day basis, i.e. the actual days of the year are the numerator while the commercial year of 360 days is the denominator.

- 5) Tax is withheld from the interest payable to the account beneficiary in favour of the Greek State. The tax rate depends on the relevant tax law applicable from time to time (currently 15%).
- 6) You will be informed as soon as possible of any interest rate change in general, through notices displayed to that effect at NBG branches, NBG press releases or the Bank's website [www.nbg.gr]. Rate changes, however, that are favourable to you may apply without notification.
- 7) Exchange rates are available through the Bank's branches and website (www.nbg.gr) and the daily press. Exchange rate changes may apply immediately without notification.
- 8) NBG's current Rates and Charges are available in the Bank's branches and can be viewed under the relevant heading on its website (www.nbg.gr).
